IMPROMPTU SPEECH

Preparation Time: 3 minutes after the topic is revealed.

Speaking Time: 3 to 5 minutes

- Draw three topics, which may include a word, quotation, phrase, or any subject that will be randomized and related to everyday topics.
- Then, select one of these topics to speak about! We resonate with some topics more than others!
- Speakers may choose to speak in favor of, against, both for and against, or discuss about the topic. The speech should be similar to one delivered on short notice to a general audience.

PERSUASIVE SPEAKING

Preparation: Must be pre-prepared prior to the competition.

Speaking Time: 5 to 7 minutes.

The use of two cue cards (4 inches x 6 inches) is allowed; however, full printed papers are not permitted.

- Speakers are required to identify an actual problem and present a problem-solution speech
 - (a 70 Problem, 30 Solution, split would be ideal)
- Speakers are allowed to choose any topic as long as they include a solution or a forward perspective fitting our theme:
"Letters to a better future"

THEME :

NOTE : This just means we prefer that you give some implications towards positive change in your speech.

You're still 100% free to choose your own topic for the persuasive category.

Though not recommended, as long as a participant includes a solution to a topic, a negative undertone will not be penalized by judges. However, in most cases but not all cases, it is strategically unwise to opt for a negative tone when it comes to the persuasive speech.
